

A photograph of a forest landscape. In the foreground, a thick, horizontal, leafless branch spans across the frame. Below it, a wide, rocky clearing is covered with grey and dark stones, interspersed with brown fallen leaves and patches of snow. A thick orange line is drawn horizontally across the middle of the image, separating the rocky foreground from the forest background. The background consists of a dense forest of tall, thin trees, some with bare branches and others with green foliage. The sky is visible through the canopy, appearing bright and hazy.
