

A wide-angle landscape photograph taken from an elevated position. In the immediate foreground, a low, rustic stone wall runs along the bottom left, with some dry grass and green foliage growing beside it. A large, dense green tree stands prominently in the center-left foreground. The middle ground is a vast, flat valley covered in a patchwork of green agricultural fields, some of which appear to be recently plowed or planted. A small cluster of buildings, including a church with a tall spire, is visible in the distance on the right side. The background shows a range of low, hazy mountains under a heavy, overcast sky filled with grey clouds. The overall scene depicts a peaceful, rural landscape.

A wide-angle landscape photograph taken from an elevated position. In the foreground, a light-colored dirt path leads down a grassy and brush-covered hillside. To the left of the path, there is a large, dark green, leafy plant. The middle ground features a winding asphalt road that curves through a valley. The valley floor is mostly flat and covered in dry, brownish vegetation, with some patches of green. In the far distance, a range of low mountains or hills is visible under a clear, bright blue sky. The lighting suggests it is daytime, with shadows cast across the hillside.

A wide-angle photograph of a rural landscape under a cloudy sky. In the foreground, there are green trees and a stone wall. The middle ground shows a valley with green fields and a small town. A red dashed rectangle highlights a specific area in the valley, with a red arrow pointing to it from a red box labeled 'PROJET'.

A wide-angle landscape photograph taken from an elevated position. In the foreground, a dirt path leads down a hillside covered with dry grass and some green plants. A road winds through the middle ground, flanked by fields and trees. In the distance, a red dashed box highlights a specific area, with a red arrow pointing to it from a label that reads "PROJET". The sky is clear and blue.

Description du projet :	Construction d'ombrières agrivoltaïques mobiles sur vignes	Numéro de plan : PC6-7-8	Nom du plan : Insertions - Photos
Adresse du projet :	DOMAINE DE LA GRANDE CANAGUE - Madame Emilie HUC FAUCHERON Lieu-dit : " Grande Canague " 34310 - MONTADY	Date : 15/01/2026	Architecte : Thierry CLAVEAU Architecte DPLG
		Echelle : NA
