

The map is a detailed topographic representation of the Havelange region. It shows the following features:

- Geographical Features:** Contour lines indicating elevation, various hills and valleys (e.g., Mont de Calais, Mont d'Averloot, Mont de Sombre, Mont de Couple), and water bodies like the Dune d'Amont.
- Settlements:** Numerous small villages and hamlets are labeled, including Strouanne, Sombre, Ramsaut, Saint-Inglevert, Hauteville, and Havelange (marked with a red pin).
- Infrastructure:** The A16 and A17 highways are shown as major roads. Other roads like the N1 and N2 are also visible.
- Topography:** The map shows a mix of rolling hills and valleys, with contour lines providing a clear view of the terrain.
